

1) Complete o mosaico, resolvendo os fatos:

The mosaic puzzle consists of a central hexagonal shape divided into smaller hexagons. The numbers and multiplication problems are as follows:

- Top hexagon: 8
- Row 2 (left to right): 12, 4, 7, 14
- Row 3 (left to right): 6, 3, 2x, 1, 2
- Row 4 (left to right): 18, 9, 8, 16
- Row 5 (left to right): 10, 5, 2, 4
- Row 6 (left to right): 12, 4, 3x, 3, 9
- Row 7 (left to right): 18, 6, 7, 21
- Row 8 (left to right): 6, 2, 1, 3
- Row 9 (left to right): 9, 8, 5
- Row 10 (left to right): 27, 15
- Bottom hexagon: 24

The central hexagon in Row 5 is shaded with a grid pattern. The multiplication problems are  $2 \times$  and  $3 \times$ .
